Purpose

This document defines the required functionality for the September 2026 ASPN Platform MVP.

This specification is intended to guide frontend development, backend integration, testing, staging, onboarding, and future platform expansion.

The September MVP is intentionally focused on establishing a safe, scalable foundation for:

- Youth onboarding
- Credentialing
- Program participation
- Attendance tracking
- Service-hour tracking
- Workforce-readiness data collection
- Future matching systems

The September MVP is not intended to be a social network.

MVP Philosophy

The platform should function as:

- Youth Portfolio
- Credential Wallet
- Program Participation Record
- Civic Engagement Record
- Workforce Readiness Foundation

The platform should establish the infrastructure necessary for future:

- Workforce matching
- Scholarship matching
- Government pathway matching
- College pathway matching
- Civic networking
- Safe discussion environments

without requiring those features in September 2026.

September MVP Users

Youth Users

Youth users create and manage their own accounts.

Expected age range:

- 8–24

Primary use:

- View profile
 - View credentials
 - View participation
 - View attendance
 - View service hours
 - Explore opportunities
 - Participate in programs
-

Staff Users

Role:

None
staff

Can:

- Review users
 - Manage programs
 - Create credentials
 - Award credentials
 - Record attendance
 - Record service hours
-

Admin Users

Role:

None
admin

Can perform all staff functions.

Additional authority:

- Program administration
 - System administration
 - User management
-

Future Roles

Create now but do not activate functionality:

None

educator

partner

government

These roles are reserved for future platform releases.

No permissions required during September MVP.

Youth Account Creation

Youth create their own accounts.

Required:

- First Name
- Last Name
- Email
- Password (Firebase Auth)

After registration:

- Immediate dashboard access
- Profile status defaults to:
 - pending_onboarding

No staff approval required for login.

Youth Profile

Profiles remain private by default.

Default:

None

```
publicProfile = false
```

Profile Fields

Core Fields

- First Name
 - Last Name
 - Email
 - Profile Image
-

Profile Image

September MVP:

- Placeholder image area required
- Actual upload functionality may be completed later

If no image exists:

Display:

None

```
First Letter of First Name
```

Example:

None

```
C
```

for Colby.

Future:

- Youth upload
 - Staff upload
 - Admin upload
-

Basic Information

- School
- Graduation Year

Do NOT include grade level.

Postsecondary Placeholders

Include fields for:

- College Interests
- Desired Major

Initially optional.

Future population may occur through questionnaire import.

Workforce Placeholders

Include fields for:

- Career Interests
- Desired Career Fields
- Government Career Interests
- Workforce Interests

Initially optional.

Future population may occur through questionnaire import.

Civic Placeholders

Include fields for:

- Civic Interests
- Community Interests
- Public Service Interests

Initially optional.

Future population may occur through questionnaire import.

Dashboard Layout

Upon login:

Section 1

Profile Summary

Display:

- Name
- Profile Image
- Programs Enrolled
- Credential Count

Do NOT display:

- Attendance totals
 - Service hour totals
 - Profile completeness
-

Section 2

Earned Credentials

Display:

- Credential Icon
- Credential Name
- Credential Description
- Award Date

Credential icons required.

September MVP:

Use default placeholder icon.

Future icons may replace placeholders.

Section 3

Available Credentials

Display:

Credentials relevant to enrolled programs only.

Show:

- Credential Name
- Description
- Requirements
- Status

Example:

None

Not Yet Earned

Attend 5 Meetings

Youth should understand why a credential is locked.

Section 4

Programs

Display enrolled programs.

Section 5

RWD Learning Center

Display:

All 16 RWD countries.

Each item includes:

- Title
- Description
- Watch Video
- Take Quiz
- Completion Status
- Credential Status

Videos remain hosted externally.

Links point to:

<https://aspirationsnetwork.org/movement-map/>

Platform functions as tracking hub.

Section 6

Opportunities

Display opportunities section.

September MVP:

Links only.

Redirect users to:

<https://aspirationsnetwork.org>

No internal opportunity management required.

Programs

Programs page required.

Programs may be created by:

- staff
 - admin
-

Program Fields

Required:

- Program Name
- Description
- Start Date
- End Date
- Category

Include:

- Program Image
- Program Leader
- Capacity
- Program Status

Program Status:

- Active
 - Archived
-

Enrollment

Youth may self-enroll.

Staff/admin may:

- remove enrollment
 - manage enrollment
-

Credential System

Credential definitions managed by:

- staff
 - admin
-

Credential Fields

Required:

- Credential ID
- Credential Name
- Description
- Icon
- Category
- Active Status

No hardcoded ASPN credentials.

Credential catalog will be defined later.

Credential Icons

September MVP:

Single placeholder icon.

Future:

Replace per credential.

Document replacement process in release notes.

Credential Awarding

Two methods:

Manual Award

Staff/Admin

Can award any credential.

Auto Award

September MVP:

Support mechanism only.

Initial auto-award type:

None

Attendance Based

Example:

None

Attend 5 Meetings

Future auto-award types may be added.

Architecture should support expansion.

RWD Credential Workflow

Workflow:

Watch Video

Complete Quiz

Score $\geq$ 80%

Video Marked Complete

Credential Awarded

Pass threshold:

80%

Future:

Staff-configurable threshold.

Attendance System

Attendance remains staff-controlled.

Attendance Recording

Staff/Admin can:

- Create attendance session
- Record attendance

Statuses:

- Present
 - Absent
 - Excused
 - Pending
-

Future Support

Architecture should support:

- Spreadsheet import
- Bulk attendance upload

Individual records must remain editable.

Service Hour System

Staff/Admin may:

- Record hours
- Verify hours

Youth may:

- View hours
-

Service Hour Request

Youth dashboard includes:

None

[Request Service Hour Verification](#)

Button.

Button links to configurable Google Form URL.

Do not hardcode URL.

Store as configurable system setting.

Google Form Questionnaire Integration

September MVP:

External Google Form.

Future:

Spreadsheet synchronization.

Architecture should support importing:

- Career interests
- College interests
- Government interests
- Civic interests
- Workforce interests

from spreadsheet responses.

No synchronization required for September launch.

Notifications

September MVP supports:

Credential Notifications

Example:

None

Congratulations!

You earned:

Community Issues Committee Credential

No additional notification system required.

Research & Data Collection

The platform functions as a pilot environment.

Consent forms remain external.

Do NOT build:

- Consent workflows
 - Parent portals
 - Digital signatures
 - Research management systems
-

Optional Tracking Field

Allow:

None

externalConsentReceived

Status only.

Do not store forms.

September Pilot Metrics

Collect:

User Metrics

- Registrations
 - Active Users
 - Profile Completion
 - Login Activity
-

Credential Metrics

- Credentials Awarded
 - Credentials Per User
 - Credential Completion Rates
-

Attendance Metrics

- Attendance Events
 - Attendance Consistency
 - Attendance By Program
-

Service Metrics

- Total Hours
 - Verified Hours
 - Average Hours Per User
-

Program Metrics

- Program Participation
 - Program Retention
 - Program Completion
-

Workforce Metrics

- Career Interests
 - Government Interests
 - Civic Interests
 - Postsecondary Interests
-

Future Workforce Architecture

Store data now.

Do NOT create:

- Scores
- Rankings
- Readiness ratings

Store only:

- Interests
- Participation
- Credentials
- Attendance
- Service

Future matching systems may use these data.

Features Explicitly Deferred

Not required for September MVP:

- Direct Messaging
- Public Profile Discovery
- Public Search
- Followers
- Friend Systems
- Recommendation Engines
- Discussion Boards

- Civic Discussion Spaces
- Workforce Matching
- Scholarship Matching
- College Matching
- Government Matching
- Parent Accounts
- Consent Management

These features may be considered in future releases.

Staging Exit Criteria

Before September onboarding:

Verify:

- Authentication
- Role Permissions
- Credential Awarding
- Attendance Recording
- Service Hour Recording
- Profile Retrieval
- RWD Completion Tracking
- Program Enrollment

All staging validation must pass before production deployment.

Success Definition

The September MVP is successful if a youth can:

1. Create an account
2. Create a profile
3. Join a program
4. View credentials
5. Earn credentials
6. Complete RWD activities
7. View attendance

8. View service hours
9. Explore opportunities

while ASPN staff can:

1. Manage programs
2. Manage youth users
3. Award credentials
4. Record attendance
5. Record service hours
6. Support onboarding

without requiring social networking, messaging, or workforce matching features.
